

The logo for NERRAD TOOLS features the brand name in a bold, italicized, sans-serif font. A thick white horizontal line runs through the middle of the text, with the 'N' and 'D' partially overlapping it. The background of the entire page is a vibrant red with a dense, granular texture, resembling a spray of fine particles or a close-up of a rough surface. Various tools are scattered across the page: at the top, several metal drill bits and a red tool handle are visible; in the bottom left, a silver adjustable wrench is shown with a brass fitting marked 'EN1207-2' and '22mm' being measured; in the bottom right, a black and gold gas torch with 'FIREJET PRO' and 'NTFJ500PRO' printed on it is partially visible.

# Content

## Cutting Tools 4-11

A versatile range of cutting tools is available for both routine and specialist tasks.

## Hand Tools 12-35

The range includes wrenches plus essential tools like plumbers levels, screwdriver sets, hacksaws, and the Tapex Kit.

## Pipe Bending, Soldering and Maintenance 36-47

This range includes copper pipe bending tools, the best-selling Firejet Pro Blowtorch, the Jet Swet and the versatile Versa Funnel.

## Lighting 48-51

The lighting range provides durable, reliable illumination solutions for any work environment.

## Tool Kits and Storage 52-57

Tool kits and storage solutions to keep tools organised and protected.

## Counter Boxes and Merchandise 58-61

Branded display solutions designed to integrate seamlessly with your existing setup.

## Clipacore 62-65

Clipacore is a revolutionary NEW way to carry out everyday core drilling tasks.

Engineered for  
**PROFESSIONALS**

Since 2010, Nerrad Tools has been focused on one thing: creating smarter, more reliable tools for plumbing professionals. Designed with real-world use in mind, every product aims to reduce strain, improve efficiency, and stand up to daily demands.

As part of the Carl Kammerling International Group, we combine hands-on experience with cutting-edge manufacturing to deliver tools that keep tradespeople moving—faster, safer, and efficiently.

# 4-11 CUTTING TOOLS

A versatile range of cutting tools is available for both routine and specialist tasks.

**NERRAD**  
TOOLS

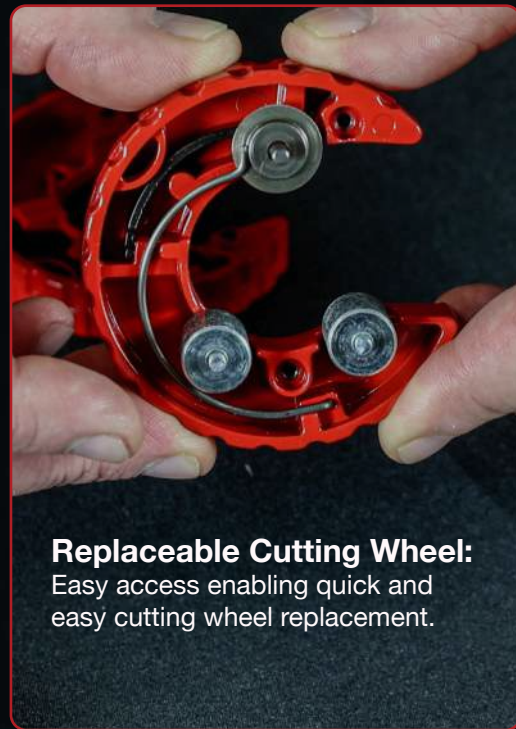

### Pro Slice Copper Tube Cutter

The unique features of the Nerrad Tools Pro Slice make it a reliable and efficient choice for professionals seeking a durable, easy-to-maintain copper tube cutter that ensures fast clean cuts with minimal cutter rotation. The Nerrad Tools Pro Slice is a high-performance copper tube cutter featuring a long-life High-Speed Steel (HSS) cutting wheel that lasts up to six times longer than standard wheels, a redesigned wheel profile to minimise burrs and maximise flow rates, a high-tension spring for fast, clean cuts with minimal rotation, and convenient external lubrication points to simplify maintenance and extend tool life.

Item No.	i	Shield
NT2008PS	8mm	2 years
NT2010PS	10mm	2 years
NT2015PS	15mm	2 years
NT2022PS	22mm	2 years
NT2028PS	28mm	2 years
NT20PS1	Spare HSS Cutting Wheel	

**Replaceable Cutting Wheel:**  
Easy access enabling quick and easy cutting wheel replacement.

**External Axle Lubrication Points:**  
These allow for roller lubrication without the need to disassemble the cutter body, simplifying maintenance and prolonging the tool's lifespan.

**High-Speed Steel (HSS) Cutting Wheel**  
Engineered to last up to six times longer than standard cutting wheels, reducing the need for frequent replacement.

**The Pro Slice is available in sizes:**  
8mm, 10mm, 15mm, 22mm and 28mm.

**Advanced Cutting Wheel Profile**  
Designed to minimise pipe burrs, ensuring maximum gas and water flow rates after cutting.

### Imperial Pro Slice Copper Tube Cutter

The Imperial Pro Slice Copper tube cutters have the same advanced performance as the metric Pro Slice cutters, available in 1/2", 3/4", 1" sizes. It features a durable High-Speed Steel (HSS) cutting wheel that lasts up to six times longer, a redesigned cutting wheel profile to reduce burrs, a high-tension spring for fast, clean cuts with minimal rotation, and external axle lubrication points for easy maintenance without disassembly. Suitable for Republic of Ireland.

NT20050IPS	1/2"	2 years
NT20075IPS	3/4"	2 years
NT20100IPS	1"	2 years
NT20PS1	Spare HSS Cutting Wheel	

### Copper Tube Cutter

Our standard slicer is a high quality cutter, delivering fast, clean cuts with minimal burrs. A durable design that reduces wheel and roller wear for easier rotation when cutting copper pipe in difficult spaces.

Item No.	i	Shield
NT2015	15mm	1 year
NT2022	22mm	1 year
NT2028	28mm	1 year
NT047158P	Spare Cutting Wheel	

### Adjustable Copper Tube Cutter

The smallest adjustable cutter in the Nerrad range, this compact mini tube cutter features two hardened rollers for secure grip and fast, precise cuts. A spare copper cutting wheel is conveniently stored in the handle.

Item No.	i	Shield
NT4230	5-30mm	5 years
NT6001-1	Spare Cutting Wheel Copper	
NT6001-3	Spare Cutting Wheel INOX	

### Ratchet Action Copper Tube Cutter

The ratchet action maintains a constant grip during cutting, while the internal mechanism rotates independently for use in tight spaces.

Item No.	i	Shield
NT3015	15mm	1 year
NT3022	22mm	1 year
NT453015	Spare Cutting Wheel	

### Adjustable Ratchet Action Copper/INOX Tube Cutter

Engineered for precision and ease of use in tight spaces. The ergonomic handle allows for comfortable, single-handed operation.

Item No.	i	Shield
NT4023	2-23mm	2 years
NT4028	8-28mm	2 years
NT4035	12-35mm	2 years
NT4067	35-67mm	2 years
NT624818	Spare Cutting Wheel Copper	
NT624819	Spare Cutting Wheel INOX S/S Tubes	
NT624825P	Spare Cutting Wheel Plastic/Multi-layer for NT4067	

### Adjustable Copper/Aluminium/Thin Wall Steel/Plastic/Multi-layer Cutter

Built for efficiency and durability. Four hardened steel rollers ensure smooth performance. Featuring a rapid size adjustment for quick diameter setting. Featuring a built-in reamer.

Item No.	i	Shield
NT4276	6-76mm	5 years
NT6005-1	Spare Cutting Wheel Copper	
NT6005-3	Spare Cutting Wheel INOX S/S Tubes	
NT6017-1	Spare Cutting Wheel Plastic/Multi-layer	

### Adjustable Copper/INOX/Thin Wall Steel/Plastic/Multi-layer Cutter

Built for efficiency and durability. Four hardened steel rollers ensure smooth performance. Featuring a rapid size adjustment for quick diameter setting. Featuring a built-in reamer.

Item No.	i	Shield
NT4245	3-45mm	5 years
NT6001-1	Spare Cutting Wheel Copper	
NT6001-3	Spare Cutting Wheel INOX S/S Tubes	
NT6007-1	Spare Cutting Wheel Plastic/Multi-layer	

### Adjustable Copper/INOX/Plastic/Multi-layer Cutter

The adjustable supporting wheel prevents pipe flattening during cutting, rapid size adjustments make changing the diameter quick and easy. Featuring a built-in reamer.

Item No.	i	Shield
NT42127	50-127mm	2 years
NT42170	100-170mm	2 years
NT7402-1	Spare Cutting Wheel Copper, INOX S/S up to 6mm	
NT7403-1	Spare Cutting Wheel Plastic/Multi-layer Up to 11.8mm	
NT7404-1	Spare Cutting Wheel Plastic/Multi-layer Up to 16.8mm	
NT7405-1	Spare Cutting Wheel Plastic/Multi-layer Up to 19.8mm	
NT7406-1	Spare Cutting Wheel Plastic/Multi-layer Up to 27.8mm	

### Drainpipe Cutter and Chamfering Tool

Combines two operations: cutting pipes at 90 degrees and then adding a factory-style chamfer. The cutter automatically clamps to prevent movement during cutting and chamfering.

Item No.	i	Shield
NTDPCCT1	110mm	
NTDPCC-TINS1	Inset Set for 110mm Drain Cutter	
NTDPCCT1-1	Spare Blade	
NTDPCCT2	160mm	
NTDPCC-TINS2	Inset Set for 160mm Drain Cutter	
NTDPCCT2-2	Spare Blade	

### Ratchet Action Plastic/Multi-layer Tube Cutter

The indirect cutting mechanism ensures precise, straight cuts, features PTFE coated blades, preventing snagging.

Item No.	i	Shield
NT5026	0-26mm	2 years
NT5005-1	Spare Blade	
NT5042	0-42mm	2 years
NT5002-1	Spare Blade	
NT5050	0-50mm	2 years
NT5003-1	Spare Blade	
NT5063	63mm	2 years
NT5004-1	Spare Blade	

### MLCP Specialist Cutter

Designed for MLCP under floor heating pipes, featuring roller bearings in lower jaw to prevent pipe deformation, ultra precise PTFE coated blades for smooth cuts, and an anti-impact rubber grip for added comfort.

Item No.	i	Shield
NT5026MLCP	0-26mm	2 years
NT5026MLCP-1	Spare Blade	

### Max TC Pipe Cutter

The spring-loaded handle improves cuts and extends cutting wheel life. Designed for larger steel pipes, the heavy-duty frame accommodates up to three cutting wheels for enhanced performance.

Item No.	i	Shield
NT4601	10-42mm	5 years
NT4601-1	Spare Cutting Wheel INOX S/S	
NT4603	10-60mm	5 years
NT4603-1	Spare Cutting Wheel INOX S/S	
NT4605	60-114mm	5 years
NT4605-1	Spare Cutting Wheel INOX S/S	

### Corrugated Stainless Steel Tube Cutter

Designed with 4 non-grooved rollers preventing damage to the tube or tube coating, hardened cutting wheel for fast, clean cuts and the rapid adjustment allows for a quick diameter change. Featuring a built-in reamer.

Item No.	i	Shield
NT4276CSST	Up to 76mm - DN50	2 years
NT4276CSST-2	Spare Cutting Wheel INOX S/S Tubes, Plastic/Multi-layer	
NT4245CSST	Up to 42mm - DN32	2 years
NT6007-1	Spare Cutting Wheel INOX S/S Tubes	

### Olive Cutter

Efficiently cuts olives without damaging pipes or producing swarf. Constructed from all steel materials, featuring a hardened high alloy steel cutting blade for exceptional durability.

Item No.	i	Shield
NT213015	15mm	
NT213022	22mm	

### Pipe Deburring Tool

Versatile reamer designed for internal deburring of copper and plastic, and external deburring of plastic.

Item No.	i	Shield
NT2001	3-42mm	

# 12-35 HAND TOOLS

---

The range includes wrenches plus essential tools like plumbers levels, screwdriver sets, hacksaws, and the unique Tapex Kit.

---

### Plumbers Folding Utility Knife

A premium, multi-purpose tool designed for trade professionals. Featuring a secondary scraper blade for removing paint, sealant, and burrs, this knife combines an ergonomic anodised aluminium body with a quick change blade system and secure stainless steel blade holder for precision and comfort. The one-handed quick release locking mechanism ensures fast, safe operation, perfect for efficient cutting and scraping on site or at home. These features make the Nerrad Folding Utility Knife a versatile and reliable tool for various cutting and scraping applications on site or in the domestic setting.

Item No.

NT8000

### Secondary Scraper Blade:

Equipped with an innovative secondary scraper blade, useful for removing paint from pipework, silicone sealant from baths and shower trays etc, and deburring various profiles and materials.

### Junior Hacksaw

Includes 24 TPI blade with non-protruding fixing for safety. Suitable for general purpose use.

Item No.	i
NT8305	
NT8305-1	Spare Blades x10 - 32 TPI Metal Cut
NT8305-2	Spare Blades x10 - 24 TPI Universal Cut

### High Tension Hacksaw

Featuring an integrated clamping key for quick blade changes and blade magazine inside the frame for storage. Comes complete with 24TPI blade.

Item No.	i
NT8300	300mm

### Retractable Utility Knife

Includes safety case and one spare blade.

Item No.
NTULT1

### Mini Hacksaw

Multi-Functional saw quickly and easily converts from hacksaw to a padsaw. High tension blade adjustment with 32TPI hacksaw blade and 24TPI padsaw blade.

Item No.	i
NTHS150	150mm
NTHS150PS	Spare Padsaw Blade and Adaptor

### Universal Spanner with Ratchet Handle

Stepped hex sizes: 3/8", 7/16", 1/2", 5/8", 13/16". Fits radiator valves, tails, lugs, heating nipples, and tank connectors. 1/2" drive ratchet handle for tight spaces.

Item No.
NT6350

### Self-Grip Wrench

Drop forged jaws for strength and durability with curved jaws for securely gripping round and hexagonal sections. Built-in integral wire cutting blades.

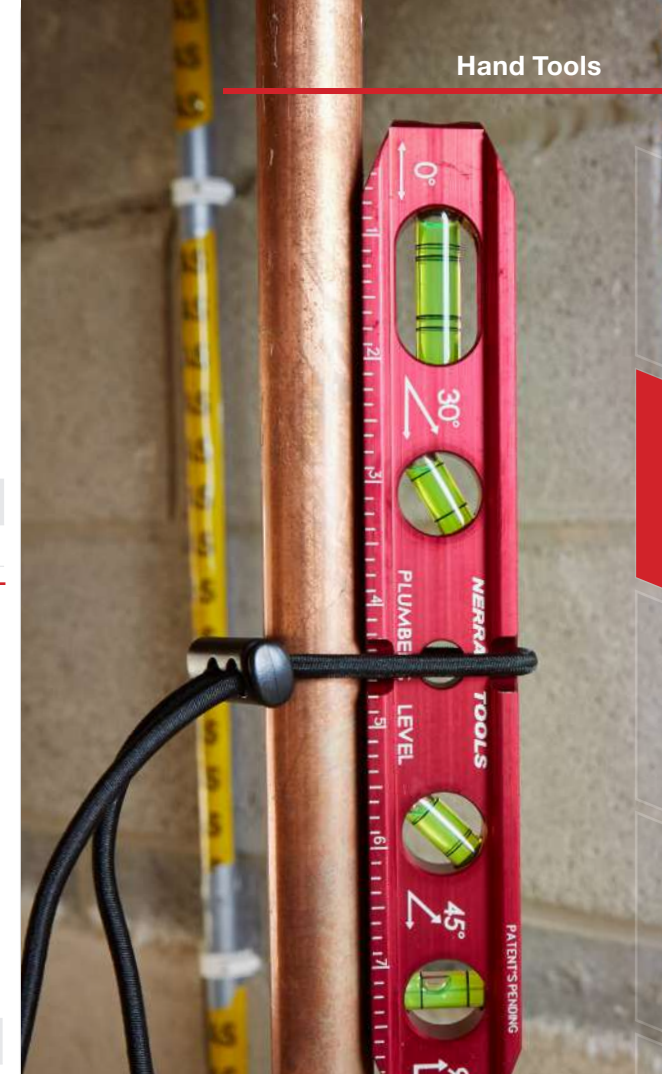

Item No.	i
NT621010	10"

### Versa Clamp 3 Pack

Ideal for cable, hose and pipe storage.

Item No.	i
NTVCLRG3	Large - Inside Max Diameter 75mm
NTVCMED3	Medium - Inside Max Diameter 50mm
NTVCSML3	Small - Inside Max Diameter 24mm

### Aluminium Boat Level

Offers five measuring planes (30, 45, 90 degrees - horizontal and vertical). Comes fitted with 4 extra strong, oversized earth magnets for use on magnetic surfaces as well as an adjustable strap for hands-free use.

Item No.	i
NTPLVL1	Includes Spare Vials and Strap

### Compression Nut Spanner

Forged steel open-ended spanner with 24mm and 32mm heads for use on 15mm and 22mm compression fittings.

Item No.
NT6320

**Parallel Jaw Surface**

### Two-Component Handle

The two-component rubber grip gives maximum user comfort at all times.

### Xtra Slim Version

The Xtra Slim version is perfect when access is limited around the fitting being worked on.

### Super Wide Adjustable Wrenches

The jaw surfaces are machined flat and are perfectly parallel, minimising slippage even under extreme loading.

Item No.	i
NTSWO6	6" - Max jaw opening 36mm
NTSWO8	8" - Max jaw opening 41mm
NTSWO6XS	6" Xtra Slim - Max jaw opening 37mm
NTSWO8XS	8" Xtra Slim - Max jaw opening 42mm

### Vipergrip Pump Pliers

Push button adjustment enables precise, fine increments and added safety. The slim jaw design makes it ideal for working on boilers, pump valves, nuts, and unions in tight spaces.

Item No.	i
NTVPRG180	7" - Max jaw opening 50mm
NTVPRG240	9" - Max jaw opening 52mm
NTVPRG300	12" - Max jaw opening 68mm

### Parallel Jaw Pump Pliers

Easily adjustable with the press of a button, this tool replaces an entire set of spanners, provides smooth ratchet action for convenient tightening, designed to protect polished or delicate surfaces.

Item No.	i
NT6002	7" - Max jaw opening 46mm
NT6003	9" - Max jaw opening 30mm

### Prybar

Nail puller, pry bar, hammer, and scraper in one tool. Hot forged from medium carbon steel for strength and durability.

Item No.	i
NT810010	10"

### Variable Bilateral Wrench

Precision and power in every grip. With a 10:1 high-leverage ratio, these pliers deliver maximum force with minimal effort. Smooth, parallel jaws grip delicate surfaces like chrome fittings without damage. A ratcheting action maintains grip even when handles are slightly released, ideal for repetitive tasks. Quick push-button adjustment ensures fast, precise jaw sizing on the go.

Item No.	i
NTVBW305	8" - Max jaw opening 36mm
NTVBW310	10" - Max jaw opening 46mm
NTVBW315	12" - Max jaw opening 60mm

**Grip Delicate Surfaces:**  
Smooth Jaws remain parallel to each other allowing the tool to grip delicate surfaces such as chrome plated fittings without damaging their surfaces.

## PRECISION AND POWER IN EVERY GRIP

The Variable Bilateral Wrench  
is available in sizes:

- 8" - Max jaw opening 36mm
- 10" - Max jaw opening 46mm
- 12" - Max jaw opening 60mm

### Ratcheting Type Action

Allows you to slightly release the handles during use without losing grip. This feature is useful for repetitive tasks, where maintaining jaw position is crucial.

**Positive Jaw Sizing:**  
The push-button ratchet adjustment allows for quick and precise sizing.

TRI-GRIP

### High Torque Performance:

More points of contact evenly distribute the force, improving efficiency and control.

**TRI-GRIP**  
PRO

### Industrial 15° Angle:

Designed for use in confined spaces while ensuring a perfect grip on the flats of any size nut.

### Extra-Wide Jaw Opening:

Accommodates a greater range of fittings, increasing versatility.

30% - 48% Wider

### Adjustable Tri-Grip Pro Wrench

The Nerrad Tools Adjustable Tri-Grip Pro Wrench is a three-sided adjustable wrench designed to enhance versatility, grip, and efficiency across various applications.

Item No.	i
NT650006	6" - Max jaw opening 30mm
NT650008	8" - Max jaw opening 34mm
NT650010	10" - Max jaw opening 44mm
NT650012	12" - Max jaw opening 57mm

### Space-Saving Design:

The non-protruding movable jaw end allows for easier use in tight spaces.

### Three-Jaw Design:

Unlike traditional adjustable wrenches with two gripping jaws, the Nerrad Tools Adjustable Tri-Grip Pro Wrench securely grips compression nuts on three sides, reducing the risk of rounding fittings or slipping.

### Super Wide Stubby Wrench

Super Wide Stubby Wrench: Maximum Reach, Minimum Effort. Compact handle fits tight spaces. Precision machined jaws prevent slippage under load. Made from durable CRV steel for long lasting performance.

Item No.	i
NTSWS2	32mm
NTSWS4	54mm

### Adjustable Mini Wrench

Designed for drain valves and internal boiler fittings, this tool ensures a secure grip in tight spaces. Precision engineered from hardened CRV steel, it's built for durability and long lasting performance. With the largest jaw width in its class, featuring an 18mm wide opening, it offers superior versatility.

Item No.	i
NTSWOMINI	4" - Max jaw opening 18mm

### Precision-Machined Jaws:

Flat and perfectly parallel surfaces prevent slippage under extreme loads.

**“FANTASTIC  
IN CONFINED  
SPACES”**

**x3  
Sizes:**

NTSWS4	54mm	For secure use on pump unions.
NTSWS2	32mm	Smallest adjustable to fit a 22mm compression fitting.
NTSWOMINI	18mm	For drain off valves and internal boiler fittings.

**Durable  
Construction:**  
Hardened  
CRV steel

**Max Jaw Width:**  
54mm

**Stubby Handle**

**Mini Wrench**

# T APEX KIT

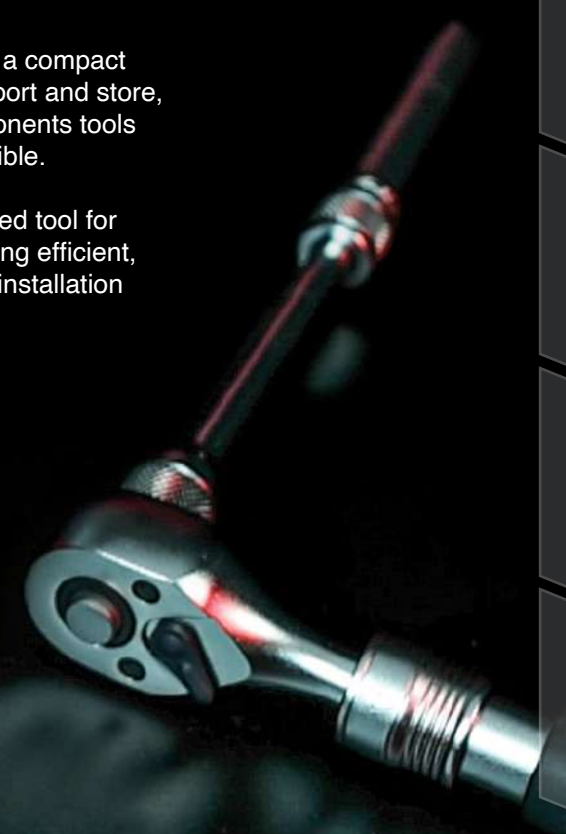

## Advanced Tap Wrench Technology

Designed with user comfort in mind, featuring ergonomic handles and grips that reduce strain during use, especially in tight or awkward spaces.

Extendable ratchet handle & universal joints allowing plumbers to reach and work in confined spaces with ease.

The Tapex Kit is organised in a compact case, making it easy to transport and store, ensuring that all Tapex components tools are kept together and accessible.

The Tapex Kit is a highly valued tool for professional plumbers, enabling efficient, precise, and comfortable tap installation and removal.

### Time Efficiency:

The Tapex kit streamlines the process of tap installation and removal, allowing plumbers to work more quickly and efficiently.

### Ease of Use:

The ergonomic design and the inclusion of extensions and universal joints make the kit user-friendly.

### Durability and Reliability:

The high-quality construction of chromium vanadium ensures that the Tapex kit will withstand the rigours of frequent use.

### Durable Construction:

Crafted from chrome vanadium steel, the tools in this kit are built for strength and longevity.

### Ultra-Long Monobloc Sockets:

The kit includes 140mm forged sockets suitable for monobloc mixers in sizes ranging from 8mm to 16mm.

### 17mm socket for tap cartridges:

These extended sockets facilitate access to hard-to-reach areas.

### Ergonomic Design:

The included 1/4" driver handle features a soft grip.

## Universal Tap Wrench Tapex Kit

Advanced Tap Wrench Technology. Comprehensive Tap Wrench Set: The Tapex kit includes a range of tools specifically designed for tap installation and removal, with patented segments for basin & bath taps and long 72mm sockets from 8mm to 13mm. Compatible with most standard tap fittings, making them versatile and suitable for various plumbing jobs. CONTENT: 4 x Patented "sockets within a socket" designed to fit the majority of sizes of 1/2" and 3/4" back and supply nuts. 6 x 72mm "flank style" forged sockets for bathroom and kitchen monobloc taps. 1 x 3/8" to 8mm hex adapter socket. 1 x composite handle. 1 x 165mm sliding T bar. 1 x 100mm 3/8" to 1/4" square drive extension. 1 x 190-248mm 3/8" drive extendible ratchet. 1 x 3/8" universal joint. 1 x 1/4" universal joint. 1 x 230-380mm 3/8" drive adjustable extension.

Item No.

NTTAPEXKIT1

Lifetime

### Versatile Compatibility:

The expansion kit can function independently or in conjunction with the original Nerrad Tapex Kit.

## Ultra Long Socket Tapex Expansion Kit

The Nerrad Tapex Expansion Kit is an enhancement to the original Tapex Tap Wrench Kit, offering additional tools designed to improve efficiency when working with various tap installations. This expansion kit is compatible with most UK-supplied monobloc taps, making it a valuable addition to a plumber's toolkit. CONTENT: 9 x 140mm flank style forged sockets for bathroom and kitchen monobloc taps: 8mm, 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm & 16mm. 1 x 72mm socket suitable for the base nut in tap cartridges: 17mm. 1 x 1/4" drive handle with soft grip. 1 x 3/8" to 1/4" square drive extension.

### Manhole Keys (2 pack)

Fits most standard manhole covers; features a closed handle for comfort.

Item No.	i
NT6305	170mm

### Radiator Valve Spanner

Fits most domestic radiators; for valve and vent plugs.

Item No.
NT6304

### Pistol Grip Pro Drain Cleaner

Includes 25ft high carbon steel spiral; for 1 1/4" to 2" basin, bath, and shower wastes.

Item No.
NT3005

### Manhole Keys (2 pack)

Fits most standard manhole covers. Features a closed handle for comfort.

Item No.	i
NT6306	520mm

### Stop Cock Key

Fits 1/2" and 3/4" square and crutch-head stopcocks; features an operating handle with a chisel end for lifting covers.

Item No.	i
NT6303	1000mm

### Basin Wrench

Forged steel jaws for durability. Length adjustable up to 410mm in four stages. Spring-loaded jaw automatically adjusts to size.

Item No.	i
NT6330	Max Opening Jaw 40mm

### Tap Backnut Box Spanner

Fits 15mm and 22mm backnuts and includes tommy bar for added leverage.

Item No.
NT6300

### Monobloc Box Spanner Set

Fits 8/9mm, 10/11mm, and 12/13mm. Includes tommy bar for added leverage.

Item No.
NT631003

### Basin Waste Back Nut Box Type Spanner

Fits 46mm and 50mm brass and plastic waste backnuts.

Item No.
NT6301

### Immersion Heater Spanner Box Type

A solid one piece construction ensuring strength and durability. Complete with Tommy bar for added leverage; 86mm size.

Item No.
NT6302

### Open Ended Immersion Wrench

A truly innovative solution for heating engineers and plumbers. Unique open-ended design: Ideal for adjusting immersion heaters, even after wiring is complete. 86mm across flats.

Item No.
NT6308

### Immersion Heater Wrench

86mm across flats Malleable Casting Spanner fits Immersion Heater Nuts. Large striking area at base of handle for those stubborn immersions.

Item No.
NT6307

**10 Position Adjustment:**  
Push button adjustment for jaw angle movement.

### Multi Angle Wrench

Ideal for hard to reach fittings, the wrench head adjusts to 10 positions with a push button adjustment for jaw angle movement.

Item No.	i
NTMAW10	10" - Max jaw opening 42mm

### Heavy Duty Adjustable Wrench

Features metric graduations for precise jaw pre-setting. Precision ground, fully polished jaws for secure nut engagement.

Item No.	i
NTHDW15	15" - Max jaw opening 50mm
NTHDW18	18" - Max jaw opening 60mm
NTHDW24	24" - Max jaw opening 70mm

**Extra Capacity Jaws:**  
Accommodates a greater range of fittings, increasing versatility.

### Cast Iron Hawk Wrench

Forged chromium-vanadium steel head with hardened jaws for extreme applications. Three point contact jaw configuration ensures excellent grip. Spring loaded jaws with a ratchet mechanism keep the tool securely on the pipe during use.

Item No.	i
NT6018	18" - Max jaw opening 60mm
NT6014	14" - Max jaw opening 50mm

### Aluminium Hawk Wrench

Forged chromium-vanadium steel head with hardened jaws for extreme applications. Three point contact jaw configuration ensures excellent grip. Spring loaded jaws with a ratchet mechanism keep the tool securely on the pipe during use.

Item No.	i
NT6118	18" - Max jaw opening 60mm
NT6114	14" - Max jaw opening 49mm

### Heavy Duty Pipe Wrench

Heavy Duty Steel construction with Hardened Jaws.

Item No.	i
NT6311	10" - Max jaw opening 50mm
NT6312	12" - Max jaw opening 70mm
NT6313	14" - Max jaw opening 75mm
NT6314	18" - Max jaw opening 90mm
NT6315	24" - Max jaw opening 110mm

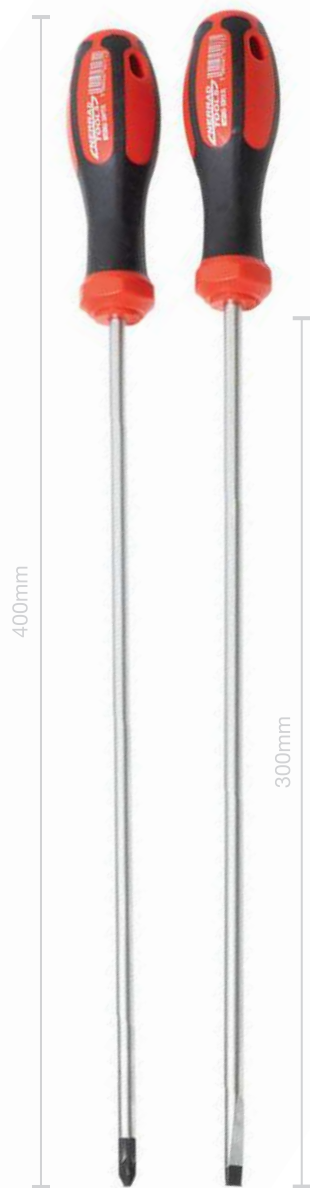

### Aluminium Pipe Wrench

Heavy Duty Aluminium Construction with Hardened Jaws.

Item No.	i
NT6316	10" - Max jaw opening 50mm
NT6317	12" - Max jaw opening 70mm
NT6318	14" - Max jaw opening 70mm
NT6319	18" - Max jaw opening 90mm
NT6321	24" - Max jaw opening 110mm

## 2 Piece Xtra Long Reach Screwdriver Set

Ergonomically shaped dual component handles. Premium chrome vanadium molybdenum blades with precision machined tips. Tip-type markings allow for easy identification. Set Contains: PZ2x300, Slotted 6.5x300

Item No.

**i**

NTSDSXLRL

400mm (300mm Shaft)

## 7 Piece Screwdriver Set VDE

Individually tested to 10,000 volts per DIN EN60900 and IEC norms. VDE approved for safe use up to 1000V. Features ergonomic dual component handles and premium chrome vanadium molybdenum blades. Tip-type markings allow for easy identification. Set Contains: PZ: 1x80, 2x100, Slotted: 3.0x100, 4.0x100, 5.5x125, 6.5x150. Main tester: 2.5mm

Item No.

NTSDSVDE

## 6 Piece Screwdriver Set

Ergonomically shaped dual component handles. Premium chrome vanadium molybdenum blades with precision machined tips. Tip-type markings allow for easy identification. Set Contains: PZ: 1x80, 2x100, Slotted: 3.0x100, 4.0x100, 5.5x125, 6.5x150

Item No.

NTSDS1

## 37-Piece Socket Set

72-tooth reversible ratchet for tight spaces, flank-style drive sockets that grip the flats and made from premium chrome vanadium. Features a universal joint and three extension lengths for flexibility.

Item No.

NT6400

5 years

# 36-47 PIPE BENDING, SOLDERING AND MAINTENANCE

---

This range includes copper pipe bending tools, the best-selling Firejet Pro blowtorch, the Jet Swet and the versatile Versa Funnel.

---

**NERRAD**  
TOOLS

### FireJet Pro

Enhanced Engineering Technology & Superior Construction to give a more reliable performance and greater durability. The Nerrad Tools Firejet Pro is the ultimate blowtorch for precise and efficient flame control, designed to enhance safety, efficiency and ease of maintenance for professionals.

Item No.	
NTFJ500PRO	1 year

### Brazing Mat

For soldering and brazing protection. Comes with a wipe clean backing and protects up to 1200 degrees centigrade.

Item No.	
NT1001	200 x 300mm

## FIREJET PRO

### Low Thermal Conductivity Nozzle Design:

This innovative design minimises residual heat at the nozzle tip, allowing for safer handling immediately after use.

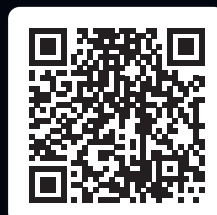

### Easily Removable Diffuser:

The nozzle can be quickly disassembled providing access to the solid brass diffuser for cleaning. This feature is particularly useful if flux or solder enters the nozzle during operation.

### Non-Corroding Brass Cylinder Connection:

Equipped with a durable brass connection that ensures longevity and prevents thread stripping while attaching or removing gas cylinders.

### Instant Piezo Ignition:

The Firejet Pro is equipped with a Piezo Ignition for instant control.

### Precise Flame Adjustment:

The "Thumb Adjustment" control allows for accurate flame adjustment catering for various soldering requirements.

### Safety Trigger:

Trigger button rotates to lock the torch in the off position when not in use.

### Non-Corroding Brass Cylinder Connection.

### Compatibility:

Designed for use with most CGA600 disposable gas cylinders, the Firejet Pro is an all position torch suitable for various applications.

ALWAYS REMOVE CYLINDER FROM TORCH WHEN NOT IN USE.

### Chain Pipe Vice and Heavy Duty Tripod Stand

Rugged heavy duty tripod stand with a durable tool tray, ideal for larger pipes, featuring a 6" quick release chain vice.

Item No.

NTCPVS

### Pipe Bending Stand

Features heavy duty construction, locking fold away legs, and a carry handle for easy transport. Comes complete with 3 sizes of formers and guides.

Item No.

NTTB152228 15mm 22mm and 28mm 5 years

### Tube Bender

Delivers consistent, ripple free bends. Fully machined formers ensure strength and zero sidewall flex. Bends copper quickly and easily for time saving convenience.

Item No.

NTTB1522	15mm and 22mm	2 years
NTTB22G	Spare Guide 22mm for NTTB1522	
NTTB15G	Spare Guide 15mm for NTTB1522	

### Abrasive Cleaning Strips and Roll

Industrial grade, waterproof, double sided silicone carbide mesh for effective cleaning, sanding, and surface preparation.

Item No.

NT2201	Strips - 10 Pack
NT2202	Roll - 5m

### High Visibility Drain Down Hose

Kink resistant polyester reinforced PVC. Includes a thumb turn connector clip and Velcro straps for storage, with high visibility for low light use.

Item No.

NT3001100	10m
-----------	-----

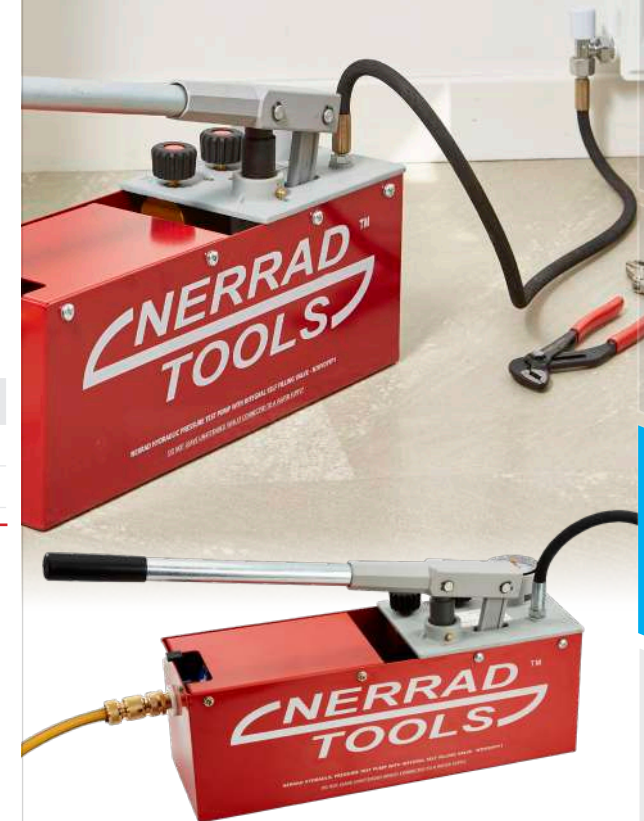

### Drain Down Hose Flexi Pro

Velcro straps for secure storage, kink resistant design, and a metal thumb connector clip for added strength.

Item No.

NT3001115	15m
-----------	-----

### Hydraulic Pressure Test Pump C/W Integral Self Filling Valve

Fill from your hose; max pressure 50 bar (840 PSI), 12-litre tank capacity, R 1/2" BSPT connection. Steel construction with a float valve and push-fit drain for easy filling.

Item No.

NTHYDPTP1

### Radiator Bleed Key 2 Pack

Solid brass with an easy grip and square opening.

Item No.

NT6001

# JET SWET

Each Jet Swet tool isolates water flow for quick repairs without draining the system. Built for durability and high pressure, they're essential for any plumber's kit.

## Rotating Handle:

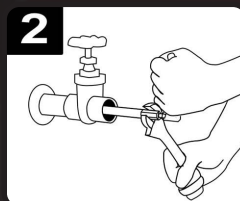

Compresses internal rubber plug to create a watertight seal inside the pipe.

Heat Resistant EPDM/  
Silicone Composite  
Gasket.

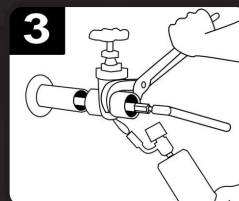

Available sizes:  
15, 22, 28, 35, 42  
& 54mm

Shut off main water source and insert the Jet Swet through the open valve that is to be repaired.

Hold the Jet Swet handle stationary and tighten the hex nut.

Move the Jet Swet handle to the horizontal position, unsweat the old valve and replace it with a new valve.

Remove the Jet Swet and close the new valve. Now continue your repairs in a water-free environment.

## Jet Swet Kit 15-54mm

This comprehensive 6-piece kit is designed for professionals requiring versatility across various pipe sizes. It includes Jet Swet tools for 15mm, 22mm, 28mm, 35mm, 42mm, and 54mm pipes, all housed in a durable carry case. Each tool features a heat resistant EPDM/silicone composite gasket, capable of withstanding pressures up to 75 PSI, making it ideal for heavy duty applications.

Item No.

NTJSKIT

## Jet Swet Pack 15/22mm

This duo pack offers Jet Swet tools for 15mm and 22mm pipes, catering to common domestic plumbing sizes. Designed for quick and efficient water flow isolation, each tool can handle up to 75 PSI of pressure. The compact design ensures ease of use in tight spaces, making it a practical choice for everyday plumbing tasks.

Item No.

NTJS1522

## Jet Swet Tool 28mm

Tailored for 28mm pipework, this single Jet Swet tool provides a reliable solution for isolating water flow during maintenance or repair. It features the same robust EPDM/silicone gasket as the larger kits, ensuring durability and resistance to high temperatures. With a pressure tolerance of up to 75 PSI, it's suitable for both residential and commercial applications.

Item No.

NTJS28

## Replacement Seal for Jet Swet

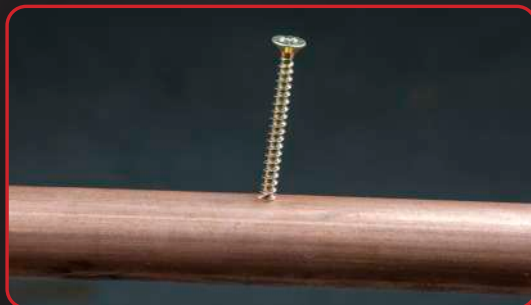

Unique EPDM/Silicone composite designed to withstand the intense heat of soldering and brazing.

Item No.	i
NTJS15RG	15mm
NTJS22RG	22mm
NTJS28RG	28mm

## THE PROBLEM

Accidental damage to pipes or surface, like a screw puncturing a copper pipe can lead to leaks, costly repairs, and downtime. POW-R Patch, POW-R Bandage, and POW-R Steel offer fast, reliable solutions to seal, rebuild, and reinforce damaged areas with minimal disruption.

## THE SOLUTION

### POW-R Patch

Ideal for quick, permanent repairs on flat or slightly curved surfaces. It comes ready to use, can be cut to size, and bonds securely to materials like metal, plastic, or fiberglass. Its rigid form and ease of application make it a great choice for covering holes or cracks on tanks, panels, or housings.

### POW-R Wrap Bandage

Perfect for pipe repairs and other rounded or irregular shapes. It activates with water and wraps tightly around the surface, forming a solid, cast-like shell. Its flexibility and full-surface coverage make it especially useful for sealing leaks in plumbing or curved components.

### POW-R Steel

Offers a highly versatile solution for detailed or precision repairs. This hand-moldable epoxy putty is ideal for filling gaps, rebuilding surfaces, and sealing small areas where control and accuracy matter. It can be shaped by hand and applied directly to the damaged spot, making it perfect for use in tight spaces or on irregular surfaces.

### POW-R Patch

Pow-R Patch is an industrial-strength, permanent repair kit suitable for nearly all pipe types. Cures in 15 minutes and can set underwater. The package includes two parts: a catalyst and a resin patch.

Item No.	i
NTPP46	4" x 6"
NTPP88	8" x 8"

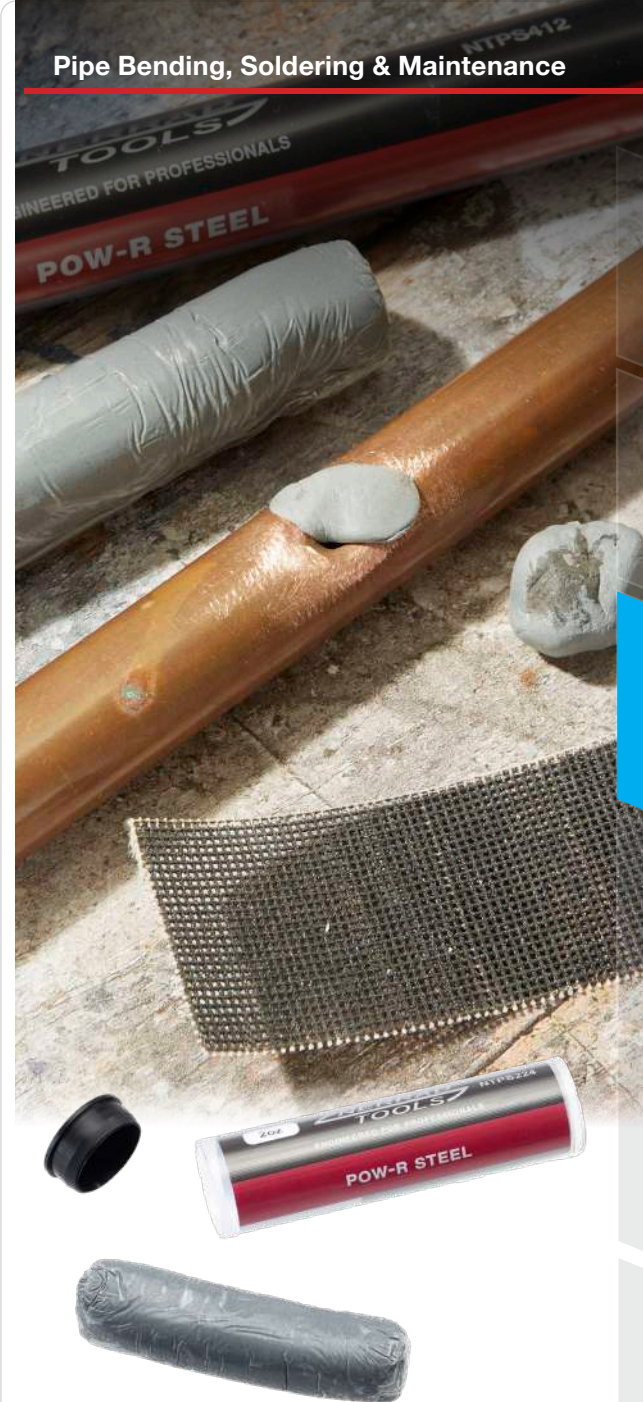

### POW-R Wrap Bandage

Pow-R Wrap is an industrial-strength, permanent repair kit suitable for nearly all types of pipe, including fluid-bearing pipes. It offers an easy alternative to traditional methods like cementing and welding, working on wet, dry, clean, dirty, or even corroded pipes, ideal for underwater repairs. Simply relieve pressure from the pipe, wet the bandage in its pouch for 30 seconds, remove it, wrap it over the leak, and allow it to dry for about 30 minutes for a permanent fix. NOTE Pow-R Wraps can also be used on pipes conveying gas but are NOT suitable for use with natural gas or LPG due to current regulations.

Item No.	i
NTPW260	Wrap Size: 2" x 60" - For pipes 1" - 2"
NTPW3108	Wrap Size: 3" x 108" - For pipes 2" - 4"
NTPW4180	Wrap Size: 4" x 180" - For pipes 4" - 6"
NTPW4360	Wrap Size: 4" x 360" - For pipes 6" - 8"
NTPW8540	Wrap Size: 8" x 540" - For pipes 8" - 12"
NTPW872	Wrap Size: 8" x 72" - For pipes 4"

## Pipe Bending, Soldering & Maintenance

### POW-R Steel

Pow-R Steel is a kneadable, steel-reinforced epoxy putty that cures to a steel-hard finish within minutes. It offers exceptional adhesion to various metals and materials, and after one hour, it can be drilled, tapped, filed, and machined.

Item No.	i
NTPS412	4oz - 8" Tube
NTPS224	2oz - 4" Tube

# VERSA-FUNNEL

**A must-have tool for boiler engineers, plumbers, and maintenance professionals who need a reliable and adaptable draining solution!**

## Durable Construction:

Made from flexible aluminium and coated with high-grade nitrile rubber for long-lasting performance.

## Highly Flexible:

Can be shaped, bent, and twisted up to 10,000 times without losing its form.

## Versa-Funnel

The unique Versa-Funnel is designed to adapt to countless applications, making it an essential tool for boiler engineers and plumbers. Whether draining boilers, diverting water from leaking radiators, or protecting sensitive components like PCBs, this funnel offers unmatched versatility.

Item No.

NTVSF1

## Compact & Practical:

Measuring approximately 370 x 170mm, it's easy to store and carry.

## Versatile Compatibility:

Suitable for use with virtually all liquids, including oils and extreme temperature water.

# 48-51 LIGHTING

---

The lighting range provides durable, reliable illumination solutions for any work environment.

# 52-57 ■ TOOL KITS AND STORAGE

---

Tool kits and storage solutions to keep  
tools organised and protected.

---

### 18" Plumbers Tote

100% waterproof, crackproof polymer base with 32 pockets, including unique storage for gas torch and cylinder. Features a padded shoulder strap and tough steel handle for convenience.

Item No.

NT720018

### Mini Utility Bag

Adjustable shoulder strap for convenience, with five external pockets and four internal compartments for tools, blowtorch, gas canister, and flux.

Item No.

NT7100

### Pipe Bender Bag

Rugged 600D polyester construction for strength and durability, with a detachable padded shoulder strap for comfort and internal securing straps for safe tool storage and transport.

Item No.

NT7201

### Mini Utility Tool Kit 1

An excellent choice for student engineers starting out or professionals seeking savings, this mini utility tool bag contains four of our most popular items. Content listed: Mini Utility Bag (NT7100), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), Versa-Funnel (NTVSF1) and Firejet Pro Blowtorch (NTFJ500PRO).

Item No.

NT7101

### Mini Utility Tool Kit 2

An excellent choice for student engineers starting in the industry or professionals seeking savings, this mini utility tool bag contains six of our most popular items. Content listed: Mini Utility Bag (NT7100), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), Versa-Funnel (NTVSF1), Firejet Pro Blowtorch (NTFJ500PRO), Adjustable Mini Spanner (NTSWOMINI) and Vipergrasp Water Pump Pliers 9" (NTVPRG240).

Item No.

NT7102

### Mini Utility Tool Kit 3

A kit specifically designed for soldering and brazing work. Content Listed: Mini Utility Bag (NT7100), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), Pipe Deburring Tool (NT2001), Firejet Pro Blowtorch (NTFJ500PRO), Brazing Mat (NT1001), Abrasive Strips (10 Pack) (NT2201) and Abrasive Cleaning Roll (NT2202).

Item No.

NT7103

### Tote Bag Tool Kit 1

A kit with all the essentials. Content Listed: 18" Plumbers Tote (NT720018), Compression Nut Spanner (NT6320), Basin Wrench (NT6330), 7 Piece Screwdriver Set VDE, (NTSDSVDE), Firejet Pro Blow Torch (NTFJ500PRO), Brazing Mat (NT1001), Versa-Funnel (NTVSF1), Vipergrasp Pump Pliers 9" (NTVPRG240), Superwide Stubby Wrench 32mm Jaw (NTSWS2), Adjustable Mini Wrench 4" (NTSWOMINI), Abrasive Strips 10 Pack (NT2201), Abrasive Cleaning Roll 5m (NT2202), Tap Backnut Box Spanner (NT6300), Monobloc Box Spanner Set (NT631003), Plumber Folding Utility Knife (NT8000), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), Copper Tube Cutter 28mm (NT2028), Adjustable Copper Tube Cutter 5-30mm (NT4230), Pipe Deburring Tool (NT2001) and Raptor Plastic/Multi-layer Tube Cutter 0-26mm (NT5026).

Item No.

NT7104

## ENGINEERED FOR THE NEXT GENERATION OF PROFESSIONALS

Tool Kits for Apprentices, College Students & New Starters.

Carefully selected by plumbing college tutors and professional plumbers to ensure you have the right tools for the job from day one. Start your journey with confidence as you take your first steps toward becoming a professional plumber.

### Bronze Tool Kit

Content Listed: Mini Utility Bag (NT7100), Vipergrip Pump Pliers 9" (NTVPRG240), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), 6 Piece Screwdriver Set (NTSDS1), Pipe Deburring Tool (NT2001), Adjustable Super Wide Opening Wrench 6" (NTSWO6), Plumber Folding Utility Knife (NT8000), Junior Hacksaw (NT8305) and Tap Backnut Box Spanner (NT6300).

Item No.

NT500

### Silver Tool Kit

Content Listed: Mini Utility Bag (NT7100), Vipergrip Pump Pliers 9" (NTVPRG240), Copper Tube Cutter 15mm (NT2015), Copper Tube Cutter 22mm (NT2022), 6 Piece Screwdriver Set (NTSDS1), Firejet Pro Blow Torch (NTFJ500PRO), Brazing Mat (NT1001), Plumber Folding Utility Knife (NT8000), 300mm High Tension Hacksaw (NT8300), Tap Backnut Box Spanner (NT6300), Compression Nut Spanner (NT6320), Superwide Stubby Wrench 32mm Jaw (NTSWS2) and Abrasive Strips 10 Pack (NT2201).

Item No.

NT7501

### Gold Tool Kit

Content Listed: 18" Plumbers Tote (NT720018), Pro Slice Copper Tube Cutter 15mm (NT2015PS), Pro Slice Copper Tube Cutter 22mm (NT2022PS), Pro Slice Copper Tube Cutter 28mm (NT2028PS), Firejet Pro Blow Torch (NTFJ500PRO), Vipergrip Pump Pliers 9" (NTVPRG240), Basin Wrench (NT6330), 2 Piece Xtra Long Reach Screwdriver Set 400mm - 300mm Shaft (NTSDSXLRL), Versa-Funnel (NTVSF1), Superwide Stubby Wrench 54mm Jaw (NTSWS4), Superwide Stubby Wrench 32mm Jaw (NTSWS2), Adjustable Mini Wrench 4" (NTSWOMINI), Adjustable Super Wide Opening Wrench 6" (NTSWO6), Compression Nut Spanner (NT6320) Abrasive Strips 10 Pack (NT2201), Tap Backnut Box Spanner (NT6300), Raptor Plastic/Multi-layer Tube Cutter 0-26mm (NT5026), Brazing Mat (NT1001), Plumber Folding Utility Knife (NT8000) and 300mm High Tension Hacksaw (NT8300).

Item No.

NT7502

### Platinum Tool Kit

Content Listed: 18" Plumbers Tote (NT720018), Pro Slice Copper Tube Cutter 15mm (NT2015PS), Pro Slice Copper Tube Cutter 22mm (NT2022PS), Pro Slice Copper Tube Cutter 28mm (NT2028PS), Firejet Pro Blow Torch (NTFJ500PRO), Vipergrip Pump Pliers 7" (NTVPRG180), Vipergrip Pump Pliers 9" (NTVPRG240), Vipergrip Pump Pliers 12" (NTVPRG300), Compression Nut Spanner (NT6320), Basin Wrench (NT6330), 7 Piece Screwdriver Set VDE, (NTSDSVDE), Versa-Funnel (NTVSF1), Superwide Stubby Wrench 54mm Jaw (NTSWS4), Superwide Stubby Wrench 32mm Jaw (NTSWS2), Adjustable Mini Wrench 4" (NTSWOMINI), Abrasive Strips 10 Pack (NT2201), Tap Backnut Box Spanner (NT6300), Raptor Plastic/Multi-layer Tube Cutter 0-26mm (NT5026), Brazing Mat (NT1001), Plumber Folding Utility Knife (NT8000), Tube Bender 15mm And 22mm (NTTB1522), 300mm High Tension Hacksaw (NT8300) and Pipe Deburring Tool (NT2001).

Item No.

NT7503

# 58-61 COUNTER BOXES AND MERCHANDISE

Branded display solutions designed to  
integrate seamlessly with your existing setup.

# COUNTER BOXES AND MERCHANDISE

We continue to support our customers with an extensive range of merchandising options. Innovative and eye-catching display units have been carefully selected by our experts to maximise in-store sales.

Nerrad Tools offers several display solutions tailored to suit the space available in branch and your budget requirements. We provide both slat wall and free-standing displays in a variety of sizes, giving our customers a complete range of merchandising solutions. Bespoke designs are available upon request to meet unique needs and preferences.

Our latest updates also include dedicated space for our market-leading counter boxes, making it easier than ever for customers to discover this essential range.

## Pro Slice Counter Top Display - 5x NT2015PS and NT2022PS

Counter Box containing 5 x 15mm Pro Slice Copper Tube Cutter and 5 x 22mm Pro Slice Copper Tube Cutter.

Item No.

NT20CBOX

## Knife Counter Top Display - 10x NT8000

Counter Box containing 10 x Utility Knives.

Item No.

NT8000CBOX

## Standard Half Metre Wall Display

A smart, space-saving solution, the Standard Half Metre Wall Display is ideal for tighter areas. Despite its smaller footprint, it effectively showcases a focused range of Nerrad Tools products, helping drive sales with a tidy, efficient setup that suits any branch layout.

## Premium Half Metre Display

The Premium Half Metre Display combines compact design with high-end presentation. Freestanding and versatile, it's perfect for highlighting key product lines in high-traffic areas. Ideal for branches looking to make the most of limited floor space without compromising on impact or style.

## 1 Metre Wall Display

Our largest wall-mounted option, the 1 Metre Wall Display is designed to make a bold impact in-store. Perfect for branches with available wall space, this unit showcases a broad product range while maintaining a clean, organised layout. It's an ideal solution for maximising visibility and driving customer engagement.

# CLIPACORE®

No frustration. No downtime. No compromises - just:

**FIT » CLIP » CORE**

Avoid any harm to your tools or yourself and use Clipacore.

The easy-to-use quick release system requires no spanners or excessive force to unscrew your core bits.

## The Clipacore System

» **BANISH THE PROBLEMS!**  
EASY BIT CHANGE. EASY WASTE REMOVAL.

### Step 1

Select appropriate adaptor dependant on drill.

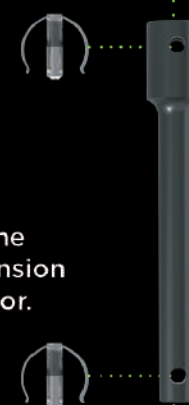

### Step 2

Line up clip apertures on the adaptor and Extension Bar/Core Adaptor.

### Step 3

Secure the connection with the Quick Release Clip.

### Step 4

Screw Diamond Core Bit onto Core Adaptor.

### Step 5

Insert an A Taper Drill Bit into the Core Adaptor.

\*For best results use a Clipacore Genuine A Taper bit

CORE FIT » CLIP » CORE

## CLIPACORE XPRESS CUT PRO

The XPRESSCUT Dry Diamond Core Drill Bit is a universal dry core that boasts high quality diamond teeth and S20C Steel body, ensures tough build and long life.

**Multi-Material Compatible:**  
Standard brick, class B engineering brick, concrete, natural stone. Harder materials may affect lifespan.

**Universal Fit:**  
Compatible with The Clipacore System & other brands.

**Efficient Waste Removal:**  
Diagonal slots for quick debris removal. Self cooling, extends life.

**Turbo Cut 10mm segments:**  
Turbo design for faster drilling.

**Spiral Core:**  
Better dust clearance, easier drilling.

**Laser-Welded Strength:**  
Durable, suitable for demanding tasks.

## CLIPACORE The Boss

**Mechanical Safety Clutch**

Available in:  
230v or 110v

**Clipacore Quick Release Drill Adaptor** designed for interchangeable core bits

**Variable Handle Adjustment** on Collar

**Powerful 2 speed gear box** 1,000 RPM / 2,000 RPM

**Electronic Soft Start Temperature Control and Current Cut-Off**

### Xpresscut Complete Kit

CONTENT: (QCP42) 42 x 150mm Core Drill Bit, (QCP52) 52 x 150mm Core Drill Bit, (QCP65) 65 x 150mm Core Drill Bit, (QCP117) 117 x 150mm Core Drill Bit, (QCP127) 127 x 150mm Core Drill Bit, (QCCA) Core Adaptor x5, (QCQRC) Spare Clips 5 Pack, (QCSDS) SDS Driver Adaptor, (QCHEX) Hex Driver Adaptor, (QCCAEB) Extension Bar, (QCKOT) Knock Out Tool, (QCDRILL12) A Taper 12mm Pilot Drill, (QCPIN12) A Taper 12mm Guide Pin, Drift Key.
